

Mark E. Pizzi

Co-Founder and Principal
Westport Solar Consultants

Pizzi, 35, is charting a path in uncharted waters with the company he co-founded in 2005, with his partner John Rountree, a leading solar architect. Westport Solar Consultants is a consulting firm that designs and manages the installation of solar photovoltaic (PV) systems. Already, the company has a strong client base, including Pfizer, Sikorsky, Kraft, and the town of Westport and is gaining momentum through its significant projects. It also is serving as advisor to Xerox, Stew Leonard's, and IKEA in order to maximize the interest and opportunity inherent in solar PV. A solar-energy entrepreneur, Pizzi is in the right industry at the right time.
